Prices exclude any local levies, taxes, etc payable in the Cook Islands.

Prices include freight and insurance into Rarotonga. Freight to outer islands at customers expense.

To work out how much of the Palmex product is required the surface of a roof and the slope have to be defined.

One package of Domingo covers 9 sq.m (72 leaves per package);

One Palmex ridge measures 1 m.

Palmex recommend for very good waterproofing 5 Palmex hips per linear meter.

For the clips, they recommend at least 3 clips per leaf.

Other

For leaves - allow 4% additional to take into account cuts, angles and borders.

For ridge and hips - allow additional 5 to 6%.
